Dear Shaun

A very belated letter of thanks for all the work you have done on the website development project.

"Barratt and Wilders undertook a complete redesign and upgrade of Community Foundation Network's website. We – and all our members – were extremely pleased with the results. The project was completed on budget and on time. The site is attractive, easy to navigate and clearly laid out. Throughout the whole process they treated our sometimes naïve queries and endless re-edits with great patience, and explained all technical processes in simple terms. We were offered plenty of options and good advice to make our ideas more realistic and practicable. We are continuing to work with them on site maintenance and would have no hesitation in recommending them to any other organisation."

With best wishes

Fran Walker
